School Board's Report
~~Miner's Report.~~

Ninety children—forty-one girls and forty-nine boys between the ages of five and sixteen are reported as being in town last April.

J. T. QUIG, Treasurer.

School Board.

We have endeavored the past year, as heretofore, to employ the best teachers, to the best of our ability, and think good work has been done in our schools, both by scholars and teachers.

To be sure there has been some friction, on account of the lack of co-operation of the parents.

If parents could realize how great an injury it is to their children as well as the teacher, they would not be so ready to censure or condemn a teacher.

Teachers, as a rule, are competent or they would not be employed, and parents should do all in their power to help them instead of hinder, and the result would be better work and progress.

Respectfully submitted,

CHARLES E. ELMS. Chairman.
